Palakkad, Kerala, India

CORE SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, Vue.js, Tailwind CSS, shadcn/ui

State Management: Redux Toolkit, Zustand

Backend & APIs: Node.js, Express.js, REST APIs, Supabase

Databases: PostgreSQL, MongoDB

Cloud & Tools: Git, GitHub, AWS, Jira, Vercel

AI Tools: Claude, ChatGPT, Gemini, Codex

EXPERIENCE

Software Developer November 2025 - Present

Innsof Private Limited - Calicut, Kerala, India

- Refactored legacy codebase, reducing complexity and improving feature development speed by 15%
- Rebuilt an underperforming project with improved architecture, enhancing maintainability and long-term scalability
- Developed a reporting tool that improved internal data access efficiency by 20%

React.js Developer June 2024 - August 2025

Zartek Technologies - Kochi, Kerala, India

- Led end-to-end development of multiple production-grade React.js and Next.js applications, improving delivery efficiency by 20%
- Optimized frontend performance, reducing page load times by 30% through code splitting and API refinement
- Integrated 15+ REST APIs and third-party services to enhance system scalability and workflow efficiency
- Reduced production defects by 25% through structured reviews and improved component architecture
- Mentored 2 junior developers, elevating code quality and accelerating onboarding efficiency

Junior Engineer I January 2022 - June 2024

Hamon Technologies - Calicut, Kerala, India

- Developed and maintained 5+ full-stack web applications using React.js and Node.js
- Designed and optimized 20+ REST APIs, improving backend performance by 15%
- Increased UI development speed by 25% through reusable components and shared design systems
- Improved operational efficiency by 15% via API integrations and automation workflows
- Contributed to CI/CD deployments, reducing release-related issues by 20%

EDUCATION

Bachelor Of Computer Applications 2018 - 2021

AJK College Of Arts And Science - Coimbatore, Tamil Nadu, India
